## Explanatory Statement for EGM Resolution

### Item No. 1: Disposal of Plant & Machinery of Ferro Alloy Plant at Rudhraram Village, Patancheruvu Mandal, Sangareddy District, Telangana

**Pursuant to Section 102 of the Companies Act, 2013, the following explanatory statement sets out all material facts relating to the special resolution mentioned in Item No. 1 of the accompanying notice:**

Your Company has faced persistent operational and financial challenges in relation to its Ferro Alloy Plant at Rudhraram Village, Patancheruvu Mandal, Sangareddy District, Telangana. The key issues are summarized below:

1. At inception, the Company installed Submerged Arc Furnace (SAF) technology sourced from Russia, which was advanced at the time but designed with an open hood configuration.
2. Over period of time, this design exposed critical mechanical components to extreme heat, causing frequent damage, repeated shutdowns, and limiting operations to 60–70% of installed capacity. This led to higher costs, reduced productivity, and quality challenges.
3. The Ferro alloys industry has faced significant market volatility, with steel sector fluctuations causing sharp declines in Ferro alloy prices. Operating at sub-optimal capacity further eroded margins.
4. Villagers lodged complaints with the Pollution Control Board regarding emissions, resulting in regulatory restrictions.
5. Operations became unviable under prevailing power tariffs, with power costs accounting for nearly 80% of finished product cost. In absence of captive power, the unit procured electricity at commercial rates from the Telangana grid, making products uncompetitive.
6. Restarting operations would require complete refurbishment of plant & machinery and installation of additional pollution control equipment at substantial capital cost.
7. Rapid urbanization in the plant area has led to local resistance against polluting industries.
8. In 2023, power tariffs increased from ₹5.50 to ₹8.00 per unit. Given that the plant consumes ~8,500 units per ton of Ferro Silicon, this escalation added ~₹21,250 per ton, rendering operations economically unsustainable.

The Board of Directors of **Chrome Silicon Limited**, has considered the report of the **Committee of Directors** constituted by the Board to evaluate the condition of the plant and the feasibility of restarting operations at the Company's Ferro Alloys manufacturing unit situated at Rudraram Village, Patancheru Mandal, Sangareddy District, Telangana.

The Committee, in turn, appointed an **independent Chartered Engineer** to carry out a detailed inspection and evaluation of the plant and machinery with reference to the possibility of restarting manufacturing operations. The Chartered Engineer submitted his report stating that **restart of manufacturing operations is not viable**, citing reasons such as technological obsolescence, high power intensity and tariff costs, volatile market conditions, and environmental/regulatory constraints.

Based on the Committee's recommendations and the Chartered Engineer's findings, the Board has decided to **dispose of the plant, machinery, equipment and other movable assets of the Rudraram unit** in their present "as is where is" condition through a transparent sale process. The net proceeds from the sale of the plant, machinery, equipment and other movable assets of the Rudraram unit will be utilized to repay the existing loans and reduce interest burden, or enhancement of working capital of the Company or general business purpose.

Given the rapid urbanization in the vicinity, management intends to monetize the land by exploring alternative economic uses rather than selling it outright. This strategy is expected to generate sustainable value for shareholders while avoiding further losses from continuation of current operations.

Accordingly, the Board recommends passing the resolution under Section 180(1)(a) of the Act to authorize disposal of the plant & machinery, while retaining and monetizing the land for future opportunities.

The Board of Directors recommends the resolution set out in Item No. 1 of the Notice for approval of members as a **Special Resolution** through Postal Ballot in accordance with Section 110 of the Act and applicable rules.

None of the Directors, Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the proposed resolution, except to the extent of their shareholding, if any.
